EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Applicant's election of Group II, claims 10-20 in the reply filed on 6/14/04 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).

This application is in condition for allowance except for the presence of claims 1 to 9 non-elected without traverse. Accordingly, claims 1-9 have been cancelled.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

Claims 10-20 are allowable over the prior art because the closest prior art, the English language translation of JP Sho 60/090251 and JP Hei 07/088460, have been submitted to show that the references do not disclose using polyalkylene polyamines, polyalkylene glycol polyamines, and blends thereof as amine cure accelerant, in the claimed curable resins composition.

The rejections made under 35 U.S.C. 112, first and second paragraph, are hereby withdrawn in view of Applicant's arguments.

Art Unit: 1711

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
